Comments:

Checking status of case after June 22, 2018 hearing with Judge Adelman.

Court notes a Mediation has been scheduled for 6/27/18 and trial date set for 9/10/18.

Plaintiff (Mr. Dougherty):

- given existence of 9/10/18 trial date, think should set schedule for class certification
- have some proposals for discovery
- feel data is robust enough to support class certification - don't think will be any revelations after depositions

Defendant (Mr. Russell):

- moved previously to respond by July 24
- common council meeting on July 10

- requested deposition dates ten days ago but haven't received a response - have three people need to depose - believe need these depositions prior to being able to oppose class certification
- if can get them scheduled, would like 2-3 weeks after that to oppose
- would choose Dr. Abrams to depose, if only can pick one person

Plaintiff (Mr. Dougherty):

- outstanding issue of Dr. Abrams rebuttal report - need this prior to the deposition
- have proposed dates of 7/23/18 for report and 7/30/18 for deposition
- have few new people/roles on Defendant's side - request permission to exceed number of depositions and depose these new people
- plaintiff's would like to and are prepared to issue some new RFP's - ask 3 weeks (July 18) to respond - looking for documents about new policies, training, etc

Defendant (Mr. Russell):

- would oppose this request
- first hearing about this today
- have a motion to dismiss for lack of subject matter jurisdiction pending

Court:

- direct one deposition to take place - will not grant all three

Opposition to class certification due: **8/3/2018**

Reply in support of class certification due: **8/9/2018 by noon**

- ask parties to meet and confer about what are asking for regarding the new police administration
